Mr. Stewart Mayers
120 G St., SW
Ardmore, OK 73401

8/16/94

Dear Mr. Mayers,

Thanks for your letter and the enclosures.

Moore is more sinister than a mere nut, which he also is.

He is not as foolish as his books makes him out to be.

While I believe it is worthwhile to expose all such commercializations and exploitations, I think his had little impact.

It is for that reason I do not believe there is much chance of publication of any critique of it or him. Unless it is made humorous and appeals to a publication going for spoofs.

I do not believe it is worth a book.

But if it were, Carroll & Graf are overloaded with them.

My NEVER AGAIN!, which could have been in the stores more than a year ago, is now rescheduled again for this coming March-next year!

We all aproach these things differently. I think the only way to handle Moore is with what he deserves, ridicule.

Thanks and best wishes,

Harold Weisberg
